Crane operations at the South-West part of LHBP airport

1. GENERAL

The objective of this AIP-SUP is to inform the relevant personnel about the operations of a tower crane close to the lower edge of relevant OLS of LHBP airport. The crane is not penetrating the OLS but due to operations of RWY 13R/31L and VFR flights an AIP-SUP is issued with the following elements:

- Determine the position and radius of crane garden with height of crane.
- Declare the obstacle markings and signs, and procedures.

2. BACKGROUND

A building refurbishment on the south-west side of the airport has been started.

Supporting the work a crane will be erected within the effected period.

3. PERIOD OF CRANE GARDEN

The crane garden is active:

From: **00:00 1st of March 2025**

To: **19:00 31st of October 2025**

Operational period: **H24**

4. POSITION OF CRANE GARDEN AND HEIGHT

The coordinates of the crane: **47°25'35.51"N 019°14'17.52"E**.

Top elevation of the crane is: **155 m AMSL**

Radius of crane garden: **40 M (from the centerpoint)**

5. OBSTACLE MARKINGS, LIGHTS AND PROCEDURES

The cranes are marked by red and white flag and lighted by low intensity red obstacle lights according to ICAO ANNEX 14.

In case of the lights are inoperative or other relevant information please contact the airside management of Budapest Airport Pte. Ltd. using the following email addresses:

Email: airside.bud@bud.hu
